

WEDDING FLOWERS

CHOOSE FROM OUR MENU

The Flower Farm

If you want the option to select your wedding flowers from a list, rather like ordering from a menu in a restaurant, then our fantastic value, no fuss, a la carte option may be just what you are looking for. If you know your colour preferences and the overall look you want, but aren't too bothered about specific flower varieties and are happy to go with the best value blooms available on your date then this option may be just what you are looking for.

How it works

01 Get in Touch

Please fill in our wedding contact form on our website www.theflowerfarm.co.uk. We will get back to you, once we have checked we have availability for your date.

02 Make your Choices

Have a good look through the menu and make a list of what you might like, and email it back to us, ensuring your name and wedding date is in the subject line.

03 Quote

Within a day or two of receiving your list, we will email you a quotation for your wedding flowers, based on the details given.

Send Contract & Booking fee

After you have checked through your order and you are happy with everything. Please sign the e-contract and send the £50 non refundable booking fee (which is deducted from the total balance).

Once these are received your date is reserved & you are all booked in for the items you have chosen.

Make any Changes

Around six weeks before your big day, we will get back in touch to double check all the details. This is when we finalise the order, so any small changes need to be made at this point and the final balance is to be paid one month before your big day.

Enjoy your Flowers!

We will have your flowers all ready for you to pick up the day before your wedding for 1pm. If you wish to collect at a different time please let us know. Also, please ensure you have plenty of room in your car as it is surprising how much room they can take.
